

Material Safety Data Sheet

Sodium stearoyl lactylate MSDS

1. SUBSTANCE IDENTIFICATION

- 1.1. Product Name: [Sodium stearoyl lactylate](#)
- 1.2. Description: Sodium stearoyl lactylate is a versatile food additives manufactured through esterification of stearic acid with lactic acid and partially neutralized with food-grade soda ash.
- 1.3. Chemical Formula: C₂₁H₃₉NaO₄
- 1.4. Molecular weight: 378.52
- 1.5. CAS #: 25383-99-7
- 1.6. EINECS #: 246-929-7
- 1.7. Manufactured by: Foodchem International Corporation, Shanghai China.
- 1.8. Supplied by: Foodchem International Corporation, Shanghai China.
- 1.9. Usage: In food as emulsifier

2. Composition

- 2.1. Sodium stearoyl lactylate: >74%
- 2.2. Hazardous impurities: Lead (mg/kg) 3.2, mercury(mg/kg) 0.09, Cadmium(mg/kg) 0.8

3. Physical/Chemical Characteristics

- 3.1. Physical State: Powder
- 3.2. Appearance: White or slightly yellowish powder or brittle solid with a characteristic odour
- 3.3. Odor: Sweetish. (Slight.)
- 3.4. pH: Not available
- 3.5. Melting point/range: 48.889 ° C (120 ° F)
- 3.6. Boiling point: Not available
- 3.7. Bulk density: 1.063g/cm³
- 3.8. Solubility: Very slightly soluble in cold water

4. Stability/Reactivity

- 4.1. Chemical Stability: Stable under normal temperatures and pressures
- 4.2. Shelf Life: 24 months period
- 4.3. Hazardous decomposition: Carbon oxides (CO, CO₂), nitrogen oxides (NO, NO₂...)
- 4.4. Hazardous polymerization: Will not occur
- 4.5. Incompatible with: moisture

5. Handling/Storage

- 5.1. Storage: Kept in dry, cool, and shaded place with original packaging, avoid moisture, store at room temperature.
- 5.2. Handling precaution: Keep away from heat. Keep away from sources of ignition. Ground all equipment containing material. Do not breathe dust.

6. Exposure Control

- 6.1. Engineering Controls: Use process enclosures, local exhaust ventilation, or other engineering controls to keep airborne levels below recommended exposure limits.
- 6.2. Respiratory protection: NIOSH/MSHA or European Standard EN 149 approved respirator
- 6.3. Eye Protection: Protective eyeglasses or chemical safety goggles
- 6.4. Skin Protection: Wear appropriate protective gloves and clothes to minimize skin contact.
- 6.5. Other: Consult professionals if Sodium stearoyl lactylate need to be handled under some special conditions.

7. Hazards Identification

- 7.1. Hazardous overview: Sodium stearoyl lactylate is Hazardous in case of eye contact (irritant), of inhalation. Slightly hazardous in case of skin contact (irritant), of ingestion
- 7.2. Contact with eyes: May cause eye irritation.
- 7.3. Contact with skin: May cause skin irritation.
- 7.4. Ingestion: May irritate the tissues of the mouth, esophagus, and other tissues of the digestive system
- 7.5. Inhalation: May cause irritation to the respiratory tract and gastrointestinal
- 7.6. Other: Not Applicable

8. First Aid Measures

- 8.1. Contact with eyes: Flush immediately with plenty of water for 15 minutes and seek medical advice
- 8.2. Contact with skin: Wash with soap and water. Cover the irritated skin with an emollient. Get medical attention if irritation develops.
- 8.3. Ingestion: Do NOT induce vomiting. If victim is conscious and alert, give 2-4 cupfuls of milk or water. Never give anything by mouth to an unconscious person. Get medical aid immediately.
- 8.4. Inhalation: Remove from exposure and move to fresh air immediately. If not breathing, give artificial respiration. If breathing is difficult, give oxygen.

9. Fire and Explosion Data

- 9.1. General information: May be combustible at high temperature.
- 9.2. Flash point: CLOSED CUP: 221.11 ° C (430 ° F).
- 9.3. Ignition control: Avoid Daidzein ignition sources Polysorbate 80 powder might be generated.
- 9.4. Dust control: Keep the handling area with adequate ventilation
- 9.5. Extinguishing Media: Water spray, dry chemical or carbon dioxide. Wear positive pressure self-contained breathing apparatus (SCBA) and full turnout gear.
- 9.6. Spills/Leaks: Use appropriate tools to put the spilled solid in a convenient waste disposal container. Finish cleaning by spreading water on the contaminated surface and dispose of according to local and regional authority requirements.

10. Transport Information

- 10.1. No special requirements and no restrictions on transportation by land, sea or air.

11. Ecological Information

- 11.1. Sodium stearoyl lactylate is fully degradation biodegradable . The product itself and its products of degradation are not toxic

12. Other Information

- 12.1. This Safety Data Sheet of Sodium stearoyl lactylate is based upon a limited review of Foodchem Internation Corporation files and standard Toxicological handbooks. We make no warranty of merchantability or any other warranty, express or implied, with respect to such information, and we assume no liability resulting from its use. Users should make their own investigations to determine the suitability of the information for their particular purposes. In no event shall Foodchem International Corporation be liable for any claims, losses, or damages of any third party or for lost profits or any special, indirect, incidental, consequential or exemplary damages, howsoever arising, even if Foodchem International Corporation has been advised of the possibility of such damages.
